

A guide to doing your test and getting the result

Blood Tests

After you have done your blood test, the surgery will telephone you to tell you the result. We will call you even if the result is normal. If you have not heard from us within 2 weeks of having done your blood test then we may have missed your result. In that event, you must contact us to get the result.

There are 4 blood test centres in Newham. These centres are open from Monday to Friday excluding Public Holidays. **Shrewsbury Road is also open Saturdays**
